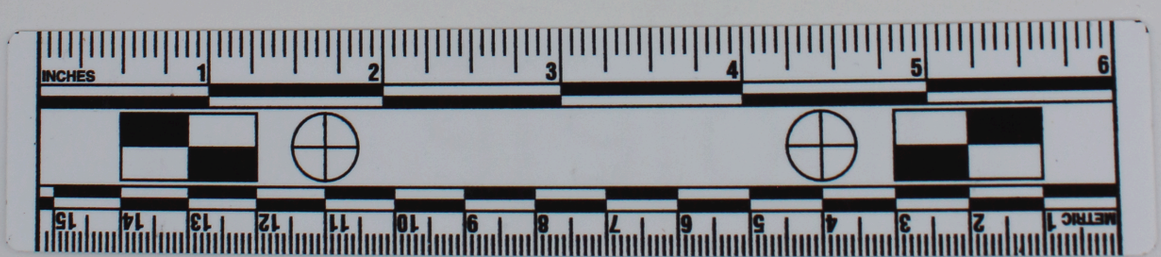
Dear Girls;;

I wish I were still in Arcadia with all you kids- you are surely a dandy gang!

Alice- you are a perfect trump. Not many girls would vamp the Chaperone like you did.

And you Helen sure did something for us when you made



Mrs. Rumfelt leave Wylie in Roy's machine Sunday nite. Both you girls are keen sports - I hope I can do something for you sometime. - If you ever come to San Diego - let me know. I can only try to show you some good times in comparison with the dandies I lead up there.

Write to me when you have time - I love to get letters! -

Lots of love - Liz
